

**Milestone 3 review summary and plans
CSC 648-848 Fall 2020 team 1**

Team 1

**Date of Milestone 3 review with Prof. D.
Petkovic: 11/16/2020**

**Date of this summary and plan
document: 11/16/2020**

Summary of feedback and tasks to do (1-2 pages max)

Fix frontend things:

- Filter doesn't need button
- icons need to be aligned
- color scheme
- newItem page = 1 column
- Contact button needs to be closer to message input
- landing page cards need to be smaller & same size
- message user on successful post that 24 hours needed
- Landing page opening text (this is what the website does)
- Filter moved to the right
- Filter action on change
- Change the landing page title on left to "recent items"
- No filter on home page
- Show how many cards are shown

Fix Backend things:

- AWS deployed
- encrypt password
- images need unique names
- header comments
- inline comments
- pattern for each input

List of tasks the team chose to focus on and implement for final delivery (1 page max)

1. AWS deployment 1
2. Merge to master
3. password encryption
4. unique image name on upload
5. image resizing using sharp
6. Cleanup unused code & move searchResults out of test.js
7. Headers and inline comments
8. AWS deployment 2
9. Merge to master
10. Frontend container, Text & alignment changes
11. Rebasing branch=m3_naked onto branch=master
12. Font swap
13. Dynamic Color scheme using CSS variables
14. Responsive pages

15. AWS deployment 3
16. Merge to master
17. UNKNOWN

List of final product P1 functions agreed at the meeting (1/2 page max)

- Everything we have now
- password encryption
- image upload
- deployment to AWS
